

## Strategic Planning Team Covenant

- **Spiritual** - We will be intentional and consistent to pray for the process, the people, and the outcomes seeking God's will for our church.
- **Attendance** - If at all possible, we will be physically and mentally present for every part of this process.
- **Effort** - We will offer help and also accept it, recognizing that dividing the work equally will benefit us and our congregation.
- **Relationships** - We will not hold back from our sharing our thoughts while working not to take disagreements personally with each other
- **Communication** - We will speak with clarity and unity to the congregation, recognizing that clarity is kindness.
- **Confidentiality** - Honoring our mutual vulnerability and openness in discussion, we will not share discussions outside the group unless agreed upon within the group.
- **Other Considerations** - We will have fun believing that our joyfulness will pave the way for our church to find its joyful dreams.
